

Console Series

This small double hull tender has sizes ranging from 300cm to 380cm. The Console Series hulls are made of 2.5mm thick powder coated marine grade aluminum and 1100 Dtex PVC fabric or 1.0mm hypalon fabric for the inflatable tube. Durable double deck aluminum hull coupled with full length keel guard allows console boat to work hard. The flat deck will provide comfort and stability to the passengers while the bilge will retain any water keeping passengers feet dry. Double bow locker with broad space for 24L fuel tank and seat cushion makes the boat more comfortable. Fuel line is run under deck to the stern. The optional console allows forward steering control for increased comfort and greater ease of navigation.

Standard features:

- High tensile chromated & powder coated aluminum hull (12° Deadrise)
- 1100 Dtex PVC fabric
- Lockable bow locker (fit 24L fuel tank) with cushion
- Flush mount non-return valves
- Self-draining valve
- Lifting points and towing eyes
- Anti-slip EVA pad
- Heavy duty rubbing strake
- Full length keel guard
- Outside and inside reinforced motor pad
- Removable aluminum seat
- One pair of aluminum oars
- Foot pump
- Repair kit

Optional features:

- 1.0mm hypalon fabric
- Console
- Safety valves
- Under-seat bag
- Dinghy wheels
- Electric pump
- Dry bag
- Sunshade
- Boat cover
- Fishing rod holder

Specification:

Model	Overall length		Internal length (cm)	Overall width (cm)	Internal width (cm)	Tube diameter (cm)	Chamber (room)	Net weight (kg)	Max power (hp)	Max people (p)	Max loading (kg)
	(cm)	(feet)
